LCA CARE Mid-term Session Summer 2026

3 dates available in June 2026 [online | 10h30 – 12h30 CEST]

Hosted by: ISEC Lisboa | IEES | FIPA | Clube de Produtores Continente

Practical Life Cycle Assessment (LCA): Strategies, Challenges and Impact Pathways for SMEs in the Agri-Food Sector.

Dear Representatives from SMEs,

On behalf of the LCA Care project consortium, we are pleased to invite you to join the Intermediate LCA CARE Event for SMEs consisting of two major moments:

- an Expert Roundtable on the Practical Implementation of Life Cycle Assessment (LCA) for Small and Medium-Sized Enterprises (SMEs) in the agri-food sector;
- a workshop on the new LCA CARE AI powered tool, including a live tutorial and practical demonstration

The session will introduce the LCA Care project and provide a valuable platform for direct exchange between SME representatives and project partners in an open and constructive dialogue.

The discussion will focus on the key challenges and barriers that SMEs face when implementing LCA in their operations. Participants will also be introduced to practical methodologies and approaches that can support the integration of LCA into business processes. In addition, the session will explore the internal and external benefits of LCA adoption, including improved environmental performance, transparency and enhanced competitiveness.

This event is specifically tailored for agri-food SMEs and promotes direct discussion and knowledge sharing among participating SMEs. Participation is free of charge; however, places are limited. Please confirm your attendance by **8 June 2026** under the following link (<https://events.teams.microsoft.com/event/81749e5d-c5df-45ae-aecc-7f8fc2594b87@3d754a10-40da-4586-9f38-23f96b6604a3>) or by visiting www.lca-care.eu.

Data options for the workshop:

- Data 1. 15.6.2026 - [10h30 to 12h30 CEST]
- Data 2. 19.6.2026 - [10h30 to 12h30 CEST]
- Data 3. 22.6.2026 - [10h30 to 12h30 CEST]
